

Declaration in support of UN Secretary-General António Guterres

26 October 2023

Having served the world through the United Nations, also in conflict-ridden areas, I am outraged to see the UN and its Secretary-General attacked for doing what they are supposed to do, speak objectively and with the common good of humanity in mind. I fully support SG Guterres' statement on the situation in the Middle East and urge countries to rally around it, to ensure that the UN continues to play its key role for the well-being of the besieged people of Gaza, as well as for the release of hostages, the safety of the population of Israel and the Occupied Palestinian Territory, and the prevention of a major regional or even global war.
